## Meet Derrick Bartlett

Bartlett Adjustment International, LLC is led by its President and Managing Member, Derrick Bartlett. Derrick began his career as a claims examiner for a large property and casualty insurer. He then accepted a position as an independent adjuster at the Manhattan headquarters of a well-respected independent adjustment firm/third-party administrator.

During his 29-year career as an Independent Adjuster, Executive General Adjuster and Vice-President, Derrick handled virtually every conceivable type of first-party and liability claim arising from fires, floods, the 9/11 terrorist attacks, Superstorm Sandy, innumerable CAT losses and the COVID-19 pandemic.

Although the hallmark of Derrick's career has been his ability to facilitate the amicable resolution of difficult claims, Derrick has also successfully testified at numerous trials, arbitration proceedings and countless depositions.

We are proud of the fact that Bartlett Adjustment International, LLC is a minority-owned business.
